- (d) Power to be developed is \_\_\_\_\_\_horsepower.
- (e) Works to be located Same as point of diversion.

  Give 40-acre subdivision on which works will be located, or locate by course and distance to a section-corner
- (f) Point of return of water to stream not returned

  Describe in same manner as point of diversion.
- (g) Remarks Application is made for the purpose of watering 10,000 head of sheep throughout the year. Water for stock will be diverted through a short pipe line to watering troughs, stream will also be puddled.

## DESCRIPTION OF PROPOSED WORKS

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water	
is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.	
5. Estimated cost of works \$100.00	
. Estimated time required to construct works one year	1- 1- 1- 1- 1- 1- 1- 1- 1- 1- 1- 1- 1- 1
v. Remarks a vested right is claimed for stockwatering purposes to waters of this source by applicant; which claim of vested right expressly reserved and not waived by this application:	1.1. (b) 1. 1. 1.
